Re: In the matter of Ceradyne, Inc. - U.S. EPA Docket No. RCRA-09-2009- 0012

Dear Mr. Hernandez:

Enclosed is a copy of the fully executed Expedited Settlement Agreement which contains the terms of the settlement reached with the United States Environmental Protection Agency.

Your payment of the penalty identified in the Expedited Settlement Agreement and your submission of the 2007 Biennial Report have closed this case. If you have any questions regarding the rules, regulations and statutes associated with this Expedited Settlement Agreement, please contact Robin Holloway at (415) 972-3305.

Sincerely,

Rich Vaille
Associate Director
Waste Management Division

U.S. ENVIRONMENTAL PROTECTION AGENCY
REGIONAL HEARING CLERK

IN THE MATTER OF:

Ceradyne Inc.
EPA ID. No. CAR000020933
Respondent.

) Docket No.

) RCRA-9-2009-0002

) **EXPEDITED SETTLEMENT**

) **AGREEMENT AND**

) **FINAL ORDER**

EXPEDITED SETTLEMENT AGREEMENT

1. The U.S. Environmental Protection Agency ("EPA") alleges that Ceradyne Inc. ("Respondent"), owner or operator of the facility at 1922 Barranca Parkway in Irvine, California (the "Facility"), failed to timely submit a Biennial Report for reporting year 2007 as required by the Resource Conservation and Recovery Act ("RCRA") and the EPA approved and authorized California hazardous waste management program. [22 C.C.R. §66262.41].
2. Under 22 C.C.R. §66262.41, Respondent was required to submit its 2007 Biennial Report on or before March 1, 2008.
3. EPA and Respondent agree that settlement of this matter for a penalty of **TWO THOUSAND FIVE HUNDRED DOLLARS (\$2,500)** is in the public interest.
4. EPA is authorized to enter into this Expedited Settlement Agreement and Final Order ("Agreement") under the authority vested in the EPA Administrator by Section 3008 of RCRA and by 40 C.F.R. §22.13(b).
5. In signing this Agreement, Respondent: (1) admits that Respondent is subject to 22 C.C.R. §66262.41; (2) admits that EPA has jurisdiction over Respondent and Respondent's conduct as alleged herein, (3) neither admits nor denies the factual allegations contained herein; (4) consents to the assessment of this penalty; and (5) waives any right to contest the allegations contained herein.
6. By its signature below Respondent certifies, subject to civil and criminal penalties for making a false submission to the United States Government, that: (1) the alleged violation has been corrected, and (2) Respondent is submitting proof of payment of the civil penalty with this Agreement.
7. The civil penalty of **TWO THOUSAND FIVE HUNDRED DOLLARS (\$2,500)** should be paid in accordance with EPA Region 9 Penalty Collection Procedures provided to the Respondent.

8. Respondent shall provide a completed 2007 Biennial Report to Robin Holloway, (WST-3), EPA Region IX, 75 Hawthorne Street, San Francisco, CA 94105.
9. Upon the effective date of this Agreement, payment of the civil penalty shall constitute full settlement of the civil claim alleged herein.
10. EPA reserves all of its rights to take enforcement action for any other past, present, or future violations by Respondent of RCRA, any other federal statute or regulation, or this Agreement.
11. Upon signing and returning this Agreement to EPA, Respondent waives the opportunity for a hearing or appeal pursuant to Section 3008(b) of RCRA.
12. Each party shall bear its own costs and fees, if any.
13. This Agreement is binding on the parties signing below, and in accordance with 40 C.F.R. 22.31(b), is effective upon filing.

IT IS SO AGREED,

RETURN RECEIPT REQUESTED

Mr. Fernando Hernandez
Ceradyne Inc.
1922 Barranca Parkway
Irvine, CA 92606

Re: Notice of Investigation Results - Biennial Reporting Requirements under the Resource Conservation and Recovery Act; Opportunity for Expedited Settlement within Thirty Days

Dear Fernando Hernandez:

Notice of Investigation Results - Biennial Reporting Requirements

A review by the U.S. Environmental Protection Agency ("EPA"), Region 9, of the information available concerning your facility at 1922 Barranca Parkway in Irvine, California (the "Facility"), EPA ID Number CAR000020933 indicates that you may have failed to comply with the Biennial Reporting requirements (also known as the Hazardous Waste Report) under the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. §6922(a)(6) and the California hazardous waste management program.¹

We encourage you to immediately review your compliance with the Biennial Reporting requirements. If you determine that you are not subject to or have not violated the Biennial Reporting requirements, please provide a written explanation, along with any documentation to Robin Holloway at the EPA address shown below within thirty days of your receipt of this letter.

If, however, you find that you are out of compliance, EPA Region 9 is extending to you an invitation to quickly resolve your violation by correcting your violation and paying a substantially reduced penalty.

¹ See 22 C.C.R. § 66262.41(b). All citations to the "C.C.R." refer to Division 4.5 of Title 22 of the current California Code of Regulations. EPA is enforcing California hazardous waste management program requirements as approved and authorized by the United States on August 1, 1992 (see 57 FR 32726, July 23, 1992) and the revisions to the hazardous waste management program as approved and authorized by the United States on September 26, 2001 (see 66 FR 49118, September 26, 2001).

Under 22 C.C.R. §66262.41 a generator of hazardous waste is required to file a Biennial Report if it generated any of the following during the reporting year:

- 1,000 kilograms ("kg") (2,200 lbs) or more of RCRA hazardous waste in any single month; or
- 1 kg (2.2 lbs) of RCRA acute hazardous waste generated in any single month or accumulated at any time; or
- 100 kg (220 lbs) of spill cleanup materials contaminated with RCRA acute hazardous waste, generated or accumulated at any time.

The Biennial Report must be submitted to U.S. EPA or California's Department of Toxic Substances Control by March 1 of each even-numbered year for waste generated during the previous odd-numbered year. Based on a review of the amount of hazardous waste shipped from your facility during the year 2007 (as reported in California's Hazardous Waste Tracking System (<http://www.hwts.dtsc.ca.gov>)), and the list of facilities that did file the 2007 Biennial Report (as listed by EPA's Biennial Reporting System ("BRS")), you were required to file a Biennial Report for 2007, but failed to do so. Failure to file a Biennial Report is a violation of 22 C.C.R. §66262.41(b).

Under the authority of Section 3008 of RCRA, 42 U.S.C. §6928, EPA may pursue civil penalties of up to thirty-two thousand five hundred dollars (\$32,500) per day for each violation of Subtitle C of RCRA, including violations of approved and authorized State program requirements. The Biennial Reporting requirements are part of the California hazardous waste management program as approved and authorized by EPA under RCRA on August 1, 1992 (*see* 57 FR 32726, July 23, 1992). For the violation alleged herein, however, EPA Region 9 is offering you an opportunity to settle this matter by coming into compliance with the Biennial Reporting requirements within thirty days of your receipt of this letter.

Opportunity for Expedited Settlement

You are invited to participate in an Expedited Settlement for the identified violation. We are providing this incentive to bring facilities into compliance with the Biennial Reporting requirement as quickly as possible and to resolve outstanding violations of the requirement.

In most EPA Region 9 settlements, violators have paid penalties of \$10,450 per violation for failure to file a Biennial Report. If you choose to participate in the Expedited Settlement process we will settle the outstanding violation, failure to file a 2007 Biennial Report by March 1, 2008, for **\$2,500**. Thus, the Expedited Settlement process provides an opportunity for you to resolve your violation with payment of a substantially reduced penalty.

Procedure for Expedited Settlement

To take advantage of the Expedited Settlement process, within thirty days of your receipt of this letter you must:

(1) File a Biennial Report with the EPA for 2007. You must prepare and submit to EPA a 2007 Biennial Report (EPA Form 8700-13A/B). The 2007 Hazardous Waste Report Instructions and Forms are on a CD enclosed with this letter and are also available at:

<http://www.epa.gov/epawaste/inforesources/data/br07/forms.htm>

Please be advised that filing a 2007 Biennial Report at this time, without participating in a settlement with EPA, does not resolve your liability for the late filing.

(2) Complete and return to EPA the enclosed Expedited Settlement Agreement ("ESA" or "Agreement"). In signing the attached Agreement, you are certifying that you have corrected your Biennial Reporting violation and paid the assessed penalty, and you are waiving your opportunity for a hearing or an appeal concerning your violation of the Biennial Reporting requirements.

(3) Pay the assessed penalty of \$2,500. Your penalty payment should conform to the instructions contained in the enclosed document titled "EPA Region 9 Penalty Collection Procedures."

Your Biennial Report, signed ESA, and proof of penalty payment (e.g., a copy of the check, a statement of affirmation regarding electronic funds transfer) should be sent certified mail, return receipt requested, to:

Robin Holloway
RCRA Enforcement Office (WST-3)
U.S. Environmental Protection Agency
75 Hawthorne Street
San Francisco, CA 94105

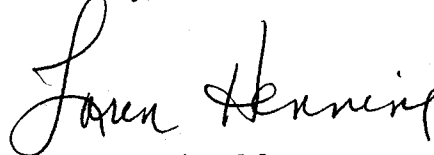

If you can demonstrate in writing that it is technically infeasible or impracticable to correct your BRS violation within thirty days, upon request, EPA, at its discretion, may grant an extension. Extension requests and the above demonstration must be made in writing no later than 10 days before the end of the initial thirty-day compliance period. The request must clearly indicate whether you intend to take advantage of the settlement agreement. Any extensions must be granted in writing by EPA.

If you do not follow the procedures outlined in this letter for Expedited Settlement (e.g., file the Biennial Report, pay the assessed penalty, and sign the ESA) within 30 days of receipt of this letter, this settlement offer will be automatically withdrawn, without prejudice to EPA's ability to file an enforcement action for the cited violation. EPA may seek penalties of up to \$32,500 per day for each violation.

By copy of this letter, EPA is providing the State of California with notice of the referenced violations of Subtitle C of RCRA and the opportunity for expedited settlement. For your information, EPA's fact sheet with details on small business resources and compliance is included with this package.

We are committed to the fair and rapid settlement of this matter. If you have any questions, or wish to discuss the general circumstances of your case, please contact the Compliance Officer assigned to your case, Robin Holloway at (415) 972-3305.

Sincerely,

Loren Henning, Manager
RCRA Enforcement Office

Mr. Fernando Hernandez
Ceradyne Inc.
1922 Barranca Parkway
Irvine, CA 92606

Re: Notice of Investigation Results - Biennial Reporting Requirements under the Resource Conservation and Recovery Act; Opportunity for Expedited Settlement – SECOND NOTICE

Dear Mr. Hernandez:

This letter is in response to your letter of May 5, 2009, in which you state that the Ceradyne facility at 1922 Barranca Parkway in Irvine, California (the "Facility"), EPA ID Number CAR000020933, is not subject to the Biennial Report requirements because you do not generate 1,000 kilograms of waste per month. However, the U.S. Environmental Protection Agency's review of Ceradyne's data indicates that Ceradyne manifested offsite an average of over 1,600 kilograms per month in calendar year 2007.

This amount is based on a review of your manifests for 2007. For your information, a summary of that data and a copy of all of the available 2007 manifests is enclosed with this letter.

Notice of Investigation Results - Biennial Reporting Requirements

Based on this review, Ceradyne was a large quantity generator of RCRA waste in 2007 and was required to comply with the Biennial Reporting requirements (also known as the Hazardous Waste Report) under the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. §6922(a)(6) and the California hazardous waste management program.¹ Failure to file a

¹ See 22 C.C.R. § 66262.41(b). All citations to the "C.C.R." refer to Division 4.5 of Title 22 of the current California Code of Regulations. EPA is enforcing California hazardous waste management program requirements as approved and authorized by the United States on August 1, 1992 (see 57 FR 32726, July 23, 1992) and the revisions to the hazardous waste management program as approved and authorized by the United States on September 26, 2001 (see 66 FR 49118, September 26, 2001).

Biennial Report is a violation of 22 C.C.R. §66262.41(b).

If you have additional information that indicates that you are not subject to or have not violated the Biennial Reporting requirements, please provide a written explanation, along with any documentation to Robin Holloway at the EPA address shown below within fifteen days of your receipt of this letter.

If, however, you find that you are out of compliance, EPA Region 9 is allowing you an extension in the offer dated April 17, 2009 to quickly resolve your violation by correcting your violation and paying a substantially reduced penalty.

Opportunity for Expedited Settlement

You may participate in an Expedited Settlement for the identified violation. We are providing this incentive to bring facilities into compliance with the Biennial Reporting requirement as quickly as possible and to resolve outstanding violations of the requirement.

In most EPA Region 9 settlements, violators have paid penalties of \$10,450 per violation for failure to file a Biennial Report. If you choose to participate in the Expedited Settlement process we will settle the outstanding violation, failure to file a 2007 Biennial Report by March 1, 2008, for **\$2,500**. Thus, the Expedited Settlement process provides an opportunity for you to resolve your violation with payment of a substantially reduced penalty.

Procedure for Expedited Settlement

To take advantage of the Expedited Settlement process, within fifteen days of your receipt of this letter you must:

(1) File a Biennial Report with the EPA for 2007. You must prepare and submit to EPA a 2007 Biennial Report (EPA Form 8700-13A/B). The 2007 Hazardous Waste Report Instructions and Forms are on a CD enclosed with this letter and are also available at:

<http://www.epa.gov/epawaste/inforesources/data/br07/forms.htm>

Please be advised that filing a 2007 Biennial Report at this time, without participating in a settlement with EPA, does not resolve your liability for the late filing.

(2) Complete and return to EPA the enclosed Expedited Settlement Agreement ("ESA" or "Agreement"). In signing the attached Agreement, you are certifying that you have corrected your Biennial Reporting violation and paid the assessed penalty, and you are waiving your opportunity for a hearing or an appeal concerning your violation of the Biennial Reporting requirements.

(3) Pay the assessed penalty of \$2,500. Your penalty payment should conform to the instructions contained in the enclosed document titled "EPA Region 9 Penalty Collection Procedures."

Your Biennial Report, signed ESA, and proof of penalty payment (e.g., a copy of the check, a statement of affirmation regarding electronic funds transfer) should be sent certified mail, return receipt requested, to:

Robin Holloway
RCRA Enforcement Office (WST-3)
U.S. Environmental Protection Agency
75 Hawthorne Street
San Francisco, CA 94105

If you do not follow the procedures outlined in this letter for Expedited Settlement (e.g., file the Biennial Report, pay the assessed penalty, and sign the ESA) within 15 days of receipt of this letter, this settlement offer will be withdrawn, without prejudice to EPA's ability to file an enforcement action for the cited violation. EPA may seek penalties of up to \$32,500 per day for each violation.

We are committed to the fair and rapid settlement of this matter. If you have any questions, or wish to discuss the general circumstances of your case, please contact the Compliance Officer assigned to your case, Robin Holloway at (415) 972-3305.

Sincerely,

for Loren Henning, Manager
RCRA Enforcement Office

May 5, 2009

In reference to the certified mail No. 7000 0520 0021 6109 9716 concerning the facility at 1922 Barranca Parkway in Irvine, CA; EPA ID number CAR000020933, and based on the records of the waste streams sent for disposal in 2007 we are not subject to the Biennial Reporting requirements because we did not generate more than 1,000 Kilograms of RCRA hazardous waste / month, We did not generate acute hazardous waste and did not generate or accumulate clean up materials contaminated with RCRA acute hazardous waste.

At this facility we have a Body Armor assembly and do not generate the waste codes 135, 511 or 491, as seen in the DTSC report also attached.

Attached is a list of the Waste streams for the calendar year 2007 from our waste disposal contractor Heritage Environmental.

This news release will be issued at 8am: **7 California Companies Penalized For Failing to Report 285 Tons of Hazardous Waste**

Mary Simms to: Robin Holloway, Mindy Clements

08/19/2009 07:18 AM

History: This message has been replied to.

Hi Robin, Do you have e-copies of the orders you could share? Thanks! Mary

For Immediate Release: August 19, 2009

Media Contact: Mary Simms, (415) 760-5419, simms.mary@epa.gov

7 California Companies Penalized For Failing to Report 285 Tons of Hazardous Waste

SAN FRANCISCO -- The U.S. Environmental Protection Agency has fined seven California companies for not filing biennial hazardous waste reports with the Agency. The companies, listed below, are located throughout the state in the cities of South San Francisco, Burbank, Alameda, Irvine, Anaheim, Arleta, and Sausalito.

Even in very small amounts, hazardous waste can cause severe health effects. The federal Resource and Conservation Act requires companies that generate more than 2,200 pounds of hazardous waste or more than 2.2 pounds of acute hazardous waste a month to report every other year to the EPA the quantities, types, and dispositions of their hazardous wastes.

As a result of these actions, the seven companies reported more than 285 tons of hazardous waste to the EPA. In addition to filing their missing biennial hazardous waste reports, last month each company paid a fine of \$2,500.

"The biennial reports provide the EPA, the state, and local communities with important information on what hazardous wastes are generated and stored in their communities," said Jeff Scott, director of the EPA's Waste Management Division for the Pacific Southwest region. "We would like to see all companies meet the upcoming March 1, 2010 deadline rather than be subject to enforcement and fines for failing to report."

The reports collect information about the changes in waste volume and toxicity that can be used to measure the impact of the EPA's efforts in the area of pollution prevention and waste minimization. The data is also used to evaluate the effect of regulations and policies on companies that generate hazardous waste.

In 2008, approximately 2,400 California companies filed their 2007 reports. The deadline for filing the 2009 report is March 1, 2010.

The companies that recently settled with the EPA are:

Achaogen, Inc.
7000 Shoreline Ct., Suite 371
